

# Worldleader in aerospace gear manufacturing

## Thank you for landing

BMT Aerospace International translates world class performance and technological leadership with state of the art gear manufacturing into high precision components for the aerospace industry.

### Full-service Gear facilities

- Design
- Engineering
- Manufacturing
- Heat treatments
- Surface treatments
- Destructive testing
- Non-destructive testing
- Shot peening
- Platings
- Assemblies

### PRECISION DETAIL GEARING AND GEAR BOX ASSEMBLIES

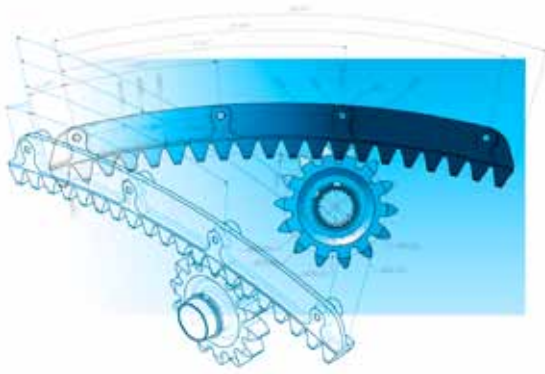

- TURBINE ENGINE
- STARTERS
- FUEL/LUBRICATION PUMPS

- AUXILIARY POWER UNITS
- ACCESSORY & POWER GEARINGS
- ACTION SYSTEMS
- HELICOPTER DRIVES

- SLAT LEADING EDGE RACKS & PINIONS

# THE REFERENCE IN AEROSPACE

BUILT TO SPECIFICATION  
BUILT TO PRINT

BMT Aerospace International services five basic market segments within the Aerospace industry.

TURBINE ENGINE & SYSTEMS

MECHANICAL ACTUATION

HELICOPTER DRIVE SYSTEMS

DEFENSE ASSEMBLY STRUCTURES

AIRFRAME ASSEMBLY STRUCTURES
